

# MASS EXCISION FORM

1. Client Name: \_\_\_\_\_

2. Pet's Name: \_\_\_\_\_

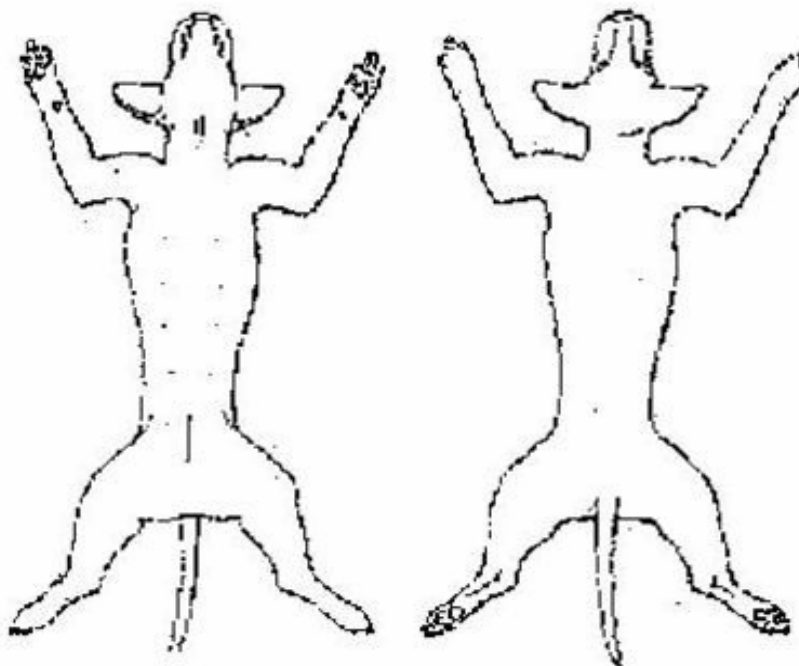

3. Masses/Growths to be excised \_\_\_\_\_

---

Please mark the location of the masses to be removed with an [X] so that we can find them on your pet later when we prep them for surgery.

4. We highly recommend that all tumors that we remove be submitted for histopathology to determine if they are malignant or not. We are not able to determine just by looking at a tumor whether it is cancerous or not. Sending them off for histopathology will also help us to make sure that we were able to remove all of the tumor. **Histopathology** is an extra fee of **\$137.00** for the first mass and **\$22.04** for each additional mass.
