

Make Your Pet A PLATINUM PET!

As the new LVVS Passport to Savings is unveiled, we continue to focus on WELLNESS as a foundation of well-being. We firmly believe that periodic physical exams are both a time to examine your pet, and to open & maintain a dialogue with you about meaningful health care issues.

Our PLATINUM PET program is designed to save you money at every visit! And with a Bronze Level for Puppies and Kittens, they will get a jump start on a lifetime of wellness!

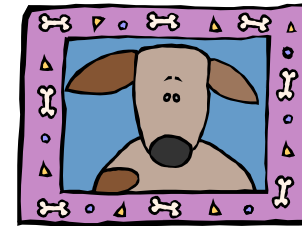

The Not So Fine Print: (In no particular order...)

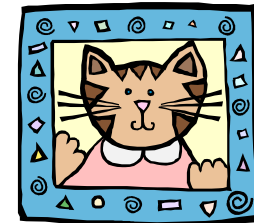

- In tandem with this philosophy is a requirement for pets being current on CORE VACCINES. The requirement for 'current status' will be discussed with each owner and tailored to serve the unique needs of each pet.
- For any exams or services eligible for discounts, such a discount applies only to the exam fee itself (noted with a *) or the service fee (noted with a **), not to the whole invoice.

The Not So Fine Print, continued:

- Receive \$5 off enrollment of your pet if formerly in LVVS' Rainbow of Wellness when you enroll before the current plan expires. (One \$5 discount for re-enrollment per household within a 12 month period.)
- Wondering when your pet's Rainbow Plan expires? Check your invoice in the reminders section!
- Multiple animals in your home? Enroll three as Platinum Pets and enrollment for any additional will be at the discounted rate!
- Baker's Dozen! Enroll 12 pets and get the 13th pet's enrollment at no charge!
- Plans may not be transferred among pets or households.
- Covered Emergency Exams are defined as those outside our normal appointment hours; i.e., before 8:30a & after 5:00p weekdays, anytime weekends & holidays. (Exams associated with quillings are not included in the program.)
- Nail trim discount applies only to uncomplicated nail trims. Other nail trims on enrolled animals will be discounted the amount of an uncomplicated nail trim, rather than the full amount.
- Bronze Enrollment for puppies and kittens will start at the completion of their Puppy/Kitten Program series at the time they are spayed or neutered.
 - Pets destined for show/work/breeding: Bronze Level enrollment will occur at the time of a pre-breeding/intact animal consultation appointment.
 - † - Puppies or Kittens who were adopted already sterilized and who complete the Puppy/Kitten Program may purchase the Bronze Level at the discounted rate.
 - ‡ - If you want to purchase the PLATINUM Level for your puppy or kitten, it will be available at the time of Bronze Level enrollment for its discounted rate.
- Prices & services subject to change without notice.
